Topic : Fun Christmas

At Christmas, I go to various shopping mall. I want to buy some Christmas gifts for my friends in the shopping mall. I found the gifts and they are very expensive.

I go to the clothes shop because my friend loves wearing skirts, I buy some skirts on the second floor in the mall. I also want to buy a gift for a friend because it's Christmas. Finally, I still have time to eat in the shopping mall.

I feel so happy because I can buy all the gifts for my friends. I like this shopping mall very much because I can eat and buy a lot of things here.
