

3D Li Yui Yan, Thomas

My name is Thomas. I am nine years old. It was my birthday last week. I am nine years old now.

I want to have a birthday party with my friends because COVID-19 has been with us for years. I haven't had a birthday party since 2020. I want to spend the day with my friends. It would be joyful. I want to have a new pencil case because mine is old.

I hope my birthday will come soon. It should be fun!
