Topic : I want to make friends with you

To: Franklin

Subject: I want to make friends with you

Dear Franklin,

I saw your poem on the website. I hope we can be friends.

My name is Draco. I am nine years old. I live with my family in Shatin.

I am tall and thin. I have short and dark hair. In the past I was shy. I didn't like talking with others. Now I am brave and I have many friends.

In my spare time, I like playing football. I

started playing football when I was six years old because it was fun and good for my health. I play football twice a week with my friends at the football field. What do you like doing in your spare time?

Please drop me a few lines to tell me about your family.

Love,

Draco
