Yesterday, Sam went to the No.1 restaurant in Hong Kong. The name of the restaurant is King's restaurant. When Sam entered the restaurant, the waitress guided him to the seat.

Few minutes later, the waitress came to ask Sam 'What would you like?' Sam replied 'I would like to order spaghetti with seafood.' The waitress answered impatiently 'Sorry, we don't have spaghettis.' Then Sam looked at the menu and he saw the soup noodles with dumplings which was the chef's special. He ordered one bowl of noodles to try.

After Sam tasted the noodles, he thought the noodles was so delicious.

When Sam almost finished the noodles, he saw a cockroach inside the bowl. He immediately complained to the restaurant manager. The

manager apologized to Sam. Sam left the restaurant angrily and said to the manager 'I will never come back to this restaurant!'
