

Hong Kong has four seasons. They are summer, spring, autumn and winter.

In spring, the weather is warm, foggy and wet. We wear T-shirts and jeans. We usually go to the park and look at the flowers.

In summer, the weather is hot and sunny. We wear caps and T-shirts. We usually go to the beach and eat ice-lollies at the beach.

In autumn, the weather is windy. We wear coats. We usually go hiking.

In winter, the weather is cold and windy. We wear sweaters, scarfs and gloves. We usually eat hotpot and go ice-skating.

I feel surprised because the weather in each season is different.
